RANJITHA

Full Stack Web Developer |Software Developer

udupi, India | 8050382027 | ranjithashetty191@gmail.com | AIMIT

PROFILE SUMMARY

I'm an MCA graduate and an aspiring Full Stack Web Developer and Software developer . I have recently completed an internship focused on HTML, CSS, JavaScript, Node.js, and MongoDB, where I gained hands-on experience in building responsive front-end interfaces and developing server-side logic. I'm passionate about creating efficient, scalable web applications and continuously improving my skills. I'm eager to contribute to a dynamic development team and grow in a real-world environment.

SKILLS

- communication, time management, creativity, teamwork
